OF TECHNOLOGY**
MOODBIDRI, MANGALORE

ABOUT HACKSPECTRA

Hackspectra is a 24-hour national-level hackathon that brings together innovators, problem solvers, and changemakers to build impactful solutions for tomorrow.

Collaborate. Code. Create.
Make ideas real in just 24 hours!

WHO CAN PARTICIPATE?

Open to all students from colleges across India.

Solve real-world problems, build your skills, and win exciting prizes & get recognized.

What to expect?

A thrilling 24-hour experience filled with learning, networking, and innovation.

PRELIMINARY ROUND

Submit a PowerPoint presentation (PPT) presenting your proposed solution to a **real-world problem**.

ANY DOMAIN, ANY IDEAS

Teams are free to choose any domain, field, or area of interest and propose an innovative solution.

FOCUS

Solve a real-world problem with creativity, innovation, and impact.

NOTE

Registration fees are applicable only to teams shortlisted for the final round. No registration fee is required at the preliminary round.

FINAL ROUND

The top 20 ideas will be shortlisted from the preliminary round and provided with an on-the-spot problem statement/ theme at the venue.

RULES & REQUIREMENTS

01

TEAM COMPOSITION

A team must consist of exactly 4 members.

02

SAME INSTITUTION

All team members must belong to the same college/university.

03

BRING YOUR OWN SETUP

Participants must bring their own laptops, chargers, power adapters, extension boards, mouse, and any other accessories or equipment needed for development.

04

CONDUCT

Participants are expected to maintain professionalism, discipline, and decorum throughout the event and treat fellow participants, mentors, judges, and organizers with respect.

05

SCHEDULE ADHERENCE

Teams must adhere to the event schedule. Late submissions or delays may result in disqualification.

06

FAIR PLAY

Any form of plagiarism, cheating, or unfair means will lead to immediate disqualification.

07

JUDGING

The decision of the judges and organizing committee shall be final and binding.

08

GITHUB REQUIREMENT

Teams must create the repository using the organizer-provided GitHub account and must push their latest code at least once every hour throughout the hackathon to maintain a record of their progress.

09

OVERNIGHT STAY

Sleeping beds will be provided by the organizers at night.

COMPETE. WIN. GET RECOGNIZED.
